25<sup>th</sup> February 2004

**Reference G40703**  
**ATTN: Mr J Billings**

Dear Sir,

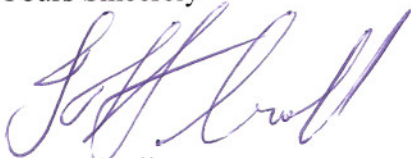

Having given this matter some consideration I have come to the view that you are not fit to sit in a Tribunal and hear this matter for the following reasons:-

1. My sister Faye Johnson has bragged that she knows and is friends with someone who works at the Guardianship office.
2. Two "Notice of Hearing"s dated the 11<sup>th</sup> Feb 2004 did not arrive till the 18<sup>th</sup> Feb 2004, someone in your office must be sitting on mail addressed to us and therefore set upon causing us surprise.
3. An Express envelope containing what the sisters have said against my mother and myself was requested by letter and I was told was sent on the 17<sup>th</sup> February (DL5339430) has still not arrived at our Post Office in Garfield.
4. We prepared a case which is insurmountable and proves that my mother is capable and happy living with me and when you discovered this by reading the file the night before you find you can not make an order for guardianship so you adjourn the hearing instead of ruling that there is no case to answer and awarding costs against my sisters.
5. When the hearing is adjourned we are not given any valid reason. We went to the 145- 151 Cleeland St, Dandenong because we had to let our witnesses know that the hearing was not on. While there we learned that the room was empty and there seemed to us to be no valid reason for why the hearing should be adjourned.
6. Because I am the executor of Nigel Quick's will and there was a Mediation session set down for the 25<sup>th</sup> February I sought an adjournment. I was refused. This was very unfair on all the other parties involved in that dispute.

It is beginning to become clear that "the fix is in" but our evidence is so strong you could not deliver so you aborted for a later try on.

For the above reasons I do not have confidence in your Tribunal.

Yours Sincerely

Trevor Croll
