WHAT I WANT FROM THE TRIBUNAL

I want to be left in peace ^{to live in my own house} without any harassment ~~from~~ or
stalking from ^{any of} my 3 daughters.

I am very happy living in my own house, with Trevor if he wishes
to ^{continue to} live with me.

I managed all ^{business} my affairs myself either personally or by telephone, even from
the Dandenong Hospital while a patient there.

I can manage everything for myself, including washing, dressing,
cooking, and most household chores.

I want Cheryl to return my red Toyota ^{Navigator} car including the GPS

I want Jaye to return all my private and personal papers and
those of my husband Harry, including my marriage Certificate of
53 years duration, both our full Birth Certificates and all the
German hand written letters from Germany to Harry's mother which
came to Harry after his mother's death.
