Dear Sir,

I am writing to request that you supply me with copies of the documents you have on your file. I would like to know what my daughters have said about me.

I would like to alert you to several facts:

- On the 4th May my son, Trevor arrived from Queensland having been asked here to help me by my husband. My Husband paid him \$33,000.00 up front in management fees to act as a manager to help me run the farming businesses. This transaction was supervised by Neil Robertson our accountant as there were considerations as to tax implications.
- On 15th June 2003 my Husband of 55 years died leaving every thing to me with his will appointing our son Trevor Croll and myself as joint Executor.
- I had to ask my daughter Faye to leave the house as she was punishing me to wear me down so she could get all my money. Faye stole over \$2,000,000.00 in property including personal papers and other keepsakes the loss of which caused me great distress.
- I have been suffering ongoing persecution from my three daughters. Cheryl has conveyed threats from both Faye and Leonie including death threats against Trevor. I have been alerted to the possibility that this would happen as I was told that Faye's plan was to become guardian and take all my money and property from me and put me in a nursing home. I have been stalked by Leonie and she has told friends and family that I am mentally incapable and that Trevor is taking all my money from me. Cheryl and Fays are saying similar things as well. They believe they should have got lots of money from the estate.
- I believe my last stroke was caused by incorrect medication and stress caused by my daughters as stress caused heart arrhythmia and arrhythmia causes clots and clots cause strokes.
- I have administered our farming businesses including a Hotel and have been doing so all my married life. I am still running my businesses and finances even though I have been in Hospital. I also worked with my son Trevor and we did the Probate on my Husband's estate ourselves.

I require these copies to know the things that my daughters have said against Trevor and me so I am able to dispute them and protect my life style and my assets from their greedy hands.

Yours sincerely

Lynette Croll
